RUSSIA ADVANCING.

May Occupy Armenia During the Conference.

A MOSLEM MOB ATTACKED.

Which Indicates That Turkey Really Desires the Massacres To Cease Two Thousand Armenians Have Been Slain During the Late Disturbances—Telegram From the Porte to Washington Legation.

LONDON, Nov. 8.—The Daily News' Constantinople correspondent, whose sympathies lean toward the Armenian side, admits that the Moslem attacks have aroused such a spirit of opposition and despair among the Armenians that instead of allowing themselves to be killed quietly, as at Trebizond and Akhissar, the Armenians themselves commenced the attack at Zeitoun, Erzeroum and elsewhere, besides making ill-advised and mischievous demonstrations in Constantinople.

"It will take years," this correspondent continues, "to revive confidence and trade and commerce lost through the present condition of anarchy, due to the deplorable weakness and inaction of the government."

As an instance of this, the correspondent cites the fact that Hon. A. W. Terrell, United States minister, has been trying for two months to obtain permission for United States Consul Poche at Aleppo, to see an American citizen of Armenian origin, who has been sent to prison there for life. It is pointed out that Minister Terrell has secured orders from the two grand viziers to the local authorities at Aleppo to grant this permission, which has either been rescinded before the consul had an opportunity to act upon it, or has been disobeyed by the local governor, the desired result being evaded rather than refused.

"This is the more remarkable," The Daily News' correspondent observes, "because Mr. Terrell has considerable personal influence at the Porte. Yet, now, after demanding the dismissal of the vali at Aleppo or that the porte itself should assume responsibility for refusal, he has only succeeded in getting an order for the prisoner to be brought here."

As noted elsewhere in the dispatches to The Associated Press, Kiamil Pasha, the retiring grand vizier, has been appointed vali of Aleppo, to succeed the official who has held that place during Mr. Terrell's efforts to secure an interview with the prisoner.

The only hopeful sign in the outlook, according to the opinion of the Daily News' correspondent, is the report that the troops at Erzeroum, under Shakhir Pasha, high commissioner, to enforce the Armenian reforms, have attacked a Moslem mob, had formed with a purpose of doing mischief to the Armenians. "If this is confirmed," the correspondent thinks, "it will show that Turkey really desires that the massacres shall cease."

A cipher letter received from Erzincan, headquarters of the notorious Zekki pasha, commander of the troops at the time of the Sassoun massacre, states that 2,000 Armenians have been killed during the late disturbances.

A Vienna dispatch to The Daily News from its correspondent there, says that he hears that unless there is an amelioration in the condition of affairs Russia will occupy Armenia simultaneously with the holding of the European conference.

ARMENIANS TO BLAME.

So Says an Official Telegram From the Sublime Porte.

WASHINGTON, Nov. 8.—The Turkish legation announces the following telegram from the sublime porte:

"All news concerning plots, threatening letters and a supposed dissatisfaction in the ranks of the army and navy is intentionally propagated by well known newspaper correspondents, affiliated with the Armenian committee, to alarm public opinion. As for the often repeated assertion of the intended extermination of the Armenians, it is too absurd to be contradicted. The efforts of the imperial government tend, on the contrary, to quell the revolt of the Armenians and to resist their criminal and bloody agitation."

"The Armenian agitation at Diarbekir was on the point of subsiding when the Armenians began again their attacks upon the Mussulmans by throwing bombs at them, and by firing at the Muezzins at the very time when the latter were calling the faithful to prayers. During the affray 50 Mussulmans and 90 Armenians were killed and wounded."

"Armenian rioters attacked the patrols at Sivrik, killing a few Mussulmans and setting fire to the bazaar."

"Two hundred Armenian revolutionists, having at their head Kevork, chief of the parish of Ferus (Marash) attacked the village of Tchoukour Hissar and killed 12 Mussulmans."

"Some of the agitators were arrested, including part of the Armenian brigands who captured Hadji Hassan Oglou Husuni."

"All news published as to the occurrence of trouble at Adana, Tarsus and Mersine is absolutely without foundation."

Superstition May Kill.

SHARON, Pa., Nov. 8.—The 17-year-old daughter of William Munnie of this city had heard that if she swallowed a chicken's heart whole she would see her future husband in the next gentleman she should meet. When she tried it the heart lodged in her windpipe. Her physician says she will die.

AN INTERNAL FOE.

Emperor William Admits Such a Power In a Speech To His Soldiers.

BERLIN, Nov. 8.—Emperor William yesterday enjoyed one of those military displays which have become remarkable of recent years from the fact that he takes advantage of such occasions to make some utterance which is commented upon for a long time afterwards. He did not fail to do so, and although there was nothing astonishing in his address, it contained a sharp reference to socialism. The cause of the military turnout was the swearing-in of the recruits of the regiments of the guard, which was accompanied by the usual ceremonies. His majesty then made a short speech to the young soldiers, reminding them they now belonged to his army, and bidding them especially to be mindful of the honor which was theirs in being attached to the guard. He added:

"Before all things, you should trust to God to preserve your own honor and be faithful to your emperor and country, whether against a foreign or an internal foe."

General Von Winterfeldt then called for cheers for the emperor, which were heartily given by all present, and the ceremony of administering the oath of allegiance to the young soldiers, just joining the colors was concluded with a march past of all the troops assembled.

BROKE UP THE GAME.

Masked Highwaymen Rob a Gotham Saloon and Kill a Guest.

NEW YORK, Nov. 8.—Last night Thomas and Richard Walter, the owners of the place, and Richard Manley, a contractor, were in a saloon at One Hundred and Forty-eighth street, playing pinochle. William Gillon, the barkeeper; Robert Kenny, a railroad man, and Richard Pope were seated at another table and were looking towards the front door of the saloon, when three men walked in, wearing masks.

The tallest of the three pulled out a gun and pointed it at the crowd with the remark: "Hold up your hands."

Everyone threw up his hands in response to the demand except Pope. He picked up a chair and advanced threateningly to the men with the masks: "Brain that man with a gun," cried out Kenny to Pope.

The next instant a shot rang out and Pope fell to the floor dead.

The other men fled and left the masked burglars in possession of the saloon. The police were notified and a patrolman ran to the saloon to find it unoccupied. The cash drawer stood wide open.

No trace of the men could be found. The police think they are members of a wild west show that came to the city last night from Atlanta.

FINANCIAL SUCCESS

Of the Atlanta Cotton States Exposition Already Assured.

ATLANTA, Nov. 8.—Samuel M. Inman, chairman of the exposition finance committee, has subscribed \$50,000 from his own pocket toward taking up the company's floating debt. The other directors have added to this sum liberal subscriptions, and the floating debt will be financed this week.

The attendance is growing steadily, and the receipts are more than paying expenses. For the first month the exposition did not keep even, but now it is prospering, and by the end of the month the daily receipts will be far ahead of expenses.

Mexican Expo Postponed.

CITY OF MEXICO, Nov. 8.—Exhibitors who have contracted for space in the Mexican international exposition have just been apprised of a change in date. In order to get the grounds and buildings completed it is found necessary to postpone the opening till six months later than the original date, April 2, 1896.

TO DOWN CAMERON.

A New Opposition Develops Against Pennsylvania's Silver Senator.

PHILADELPHIA, Nov. 8.—Frank Willing Leach has declared for a Philadelphia for United States senator to succeed Senator Cameron. Owing to his closeness to Senator Quay his declaration is regarded as significant. It may mean that Pennsylvania's silver senator will have to fight as he never fought before, if he is desirous of returning to Washington.

Mr. Leach took a train yesterday for Florida, where he will be Senator Quay's guest for about three weeks. He said:

"I have no personal choice, but any one of the following will bring credit to the office, the city and the party, namely: John Wanamaker, George S. Graham, John Russell Young, Boies Penrose or Charles C. Harrison."

SHOT A ROBBER.

Station Agent Jones at Linden, Ind., Defends His Post.

CRAWFORDSVILLE, Ind., Nov. 8.—A man giving his name as Charles Graves, and claiming Evansville as his home, attempted to murder and rob Station Agent Jones of the Clover Leaf Railroad at Linden, Ind., last night, and in the fight was shot through the body by Jones. After being shot he escaped, but was treed by bloodhounds. He will probably die.

HAMILTON, Ont., Nov. 8.—Detective Dubois of Peoria, Ill., who was robbed on Wednesday night, received back yesterday his watch and diamonds and \$15 in cash.

CUBAN ENGAGEMENT.

Insurgents Routed After a Severe Struggle.

STILL BURNING VILLAGES.

Thirty Killed and Many Wounded Were Left On the Field, While Darkness Enabled the Surviving Patriots to Escape—The Troops Lose One Officer and Seven Soldiers and Many Wounded.

HAVANA, Nov. 8.—An important engagement occurred Wednesday at Cayo Espino, near the border between Santa Clara and Matanzas, in the southern part of the island. The column of troops commanded by Colonel Luis Melina, the forces of the civil guard, and a battalion of the Maria Cristina regiment had an engagement with the insurgent bands of Loret Nunez and Perquito Perez. The action was fiercely contested and lasted from 2 o'clock in the afternoon until into the night. Official reports state that under cover of the darkness the insurgents fled. Thursday it was found that they had left upon the field 30 killed and a large number of wounded. The report states that the troops lost on their side one officer and seven soldiers killed and a number wounded.

Details of the fight are very meager and nothing is known of the relative positions of the contestants since the battle.

It is also reported that the insurgents have burned a church and 13 houses at the village of Guanatus, in the eastern part of the province of Matanzas.

On the plantation of Penon in the district of Guanatanamo the chairman of an Autonomist club and four others have been arrested for political activity.

CUBAN CORRESPONDENCE.

How a Demand For Arms Was Met By Ramon Gonzales.

TAMPA, Fla., Nov. 8.—Authentic correspondence from Cuba brings copies of the following letters:

Army of Liberty of Cuba, Third Brigade, on the outskirts of Sagua.

Mr. Ramon Gonzalez, Santo:

DEAR SIR—It is necessary that you forthwith obtain for me 15 carbines with sufficient ammunition. It will not be difficult for you to obtain them, and if you do not comply with this request in a very few days I will be obliged to reduce to ashes the city in which you reside. I believe that you will not oblige me to take such harsh measures, which will entail so much damage. Answer soon as you can.

FERNANDO CORTINA, Chief of the Territory.

The following answer was sent immediately:

The arms and ammunition which are in charge of a Spaniard like myself, are loaded to be used on all traitors against the flag of my nation.

RAMON GONZALES.

Upon receipt of this Cortina assembled his force and approached that fort. Gonzales appeared with a white flag and asked for a consultation. The commanders had a lengthy interview. Afterward Cortina withdrew without obtaining the arms.

WOMEN'S CONGRESS

Having a Lovely Time in the Hospitable Crescent City.

NEW ORLEANS, Nov. 8.—The 33d congress of the Society for the Advancement of Women met in the assembly hall of Sophie Newcomb college yesterday afternoon, Mrs. Julia Ward Howe presiding, and about 30 delegates present. Addresses of welcome were delivered by Mayor Fitzpatrick, Mrs. S. D. Marks, president of the Woman's club, and Miss Florence Huberwald of the Portia club. Mrs. Howe responded. Miss Eva Channing of Boston read a paper on "Good Municipal Government and Woman's suffrage," and Mrs. Ellen Stevens Hildreth of New Decatur, Ala., read a long thesis on the nutritive value of food.

The women of New Orleans intend taking the ladies on a number of interesting excursions and the congress will last several days. The members are being entertained at private residences and are being shown distinguished consideration.

MUST BE SETTLED.

The Sporting World Demands That the Big Fight Be Pulled Off.

DALLAS, Nov. 8.—After a lull in the pugilistic excitement for a few days matters have taken a new and fresh start; said Dan Stuart today:

"I leave for El Paso in the morning and I think the place and time for Corbett and Fitzsimmons to settle their difficulties, which have agitated the public mind for the past four or five months, will be found and fixed between now and the holidays. I am making this move individually and alone and intend to offer such a purse and protection as that neither man can refuse to accept if he intends or wants to fight. The whole sporting world is in a mood to see this championship matter settled in the ring."

The Result in Ohio.

COLUMBUS, O., Nov. 8.—The Republican state committee has figured the Republican plurality for governor in Ohio at 95,848. The Democrats carried only 26 of the 88 counties in the state. No effort has been made to figure the total vote cast, but it is believed to be one of the largest in the history of the state. The official count will not materially change the net results.

A FAMILY INCINERATED.

Father, Mother and Children Burned to Death in Bed.

NEW YORK, Nov. 8.—Six members of one family perished by fire in their home on the top floor of the 4-story tenement house at 311 Van Brunt street, Brooklyn, at 1 a. m. yesterday.

The names of the dead are: Charles Ryan, his wife Ellen, and their daughters, Johanna, 20 years old; Sarah, 17; Maggie, 14, and Lizzie, 12.

The fire started from a gas jet in a hall on the ground floor. It burned out Finnegan's saloon on the ground floor and roused Margaret Welch and her four children on the second floor. The stairway being on fire, they went to the windows, from which they were rescued by policemen. The fire quickly got to the third floor, which was unoccupied.

After the flames had been extinguished a search of the building was made, and on the top floor were found the dead bodies of the Ryans. Their positions showed plainly how they had struggled for their lives.

Johanna and Sarah were found in the rear room near the staircase. Their bodies were lying together. Lizzie's body was found lying within a few feet of the window on the King street side of the house. The others, Ryan, his wife and Lizzie, the youngest girl, were found in the front room.

Ryan had stopped to slip on his trousers. The others were in their nightgowns.

Vain efforts were made to resuscitate them. None of the bodies was even scorched by the flames. Each member of the family met death by suffocation. The building was a death trap. The only staircase was at the rear. There were no fire escapes on the building. The police and fire marshal are making an investigation. It is probable that the circumstances of the fire will be brought before the grand jury for investigation.

INTERSEMINARY ALLIANCE.

Nine Denominations Unite in the Interest of Home and Foreign Missions.

LANCASTER, Pa., Nov. 8.—The 16th annual convention of the American Interseminary Missionary Alliance convened yesterday afternoon and will remain in session until Sunday evening.

The alliance is the outcome of a movement which originated in the year 1879 among the students of Princeton Theological seminary for the purpose of spreading a broader intelligence and a deep interest in the work of foreign and home missions. The delegates were welcomed on behalf of the theological seminary of the Reformed church by Rev. E. V. Gerhart, D. D., L. L. D., and on behalf of the churches of the city by Rev. B. F. Alleman, D. D. The rest of the afternoon meeting was occupied by devotional exercises and the reading of the report of the executive committee.

The alliance is now composed of 35 of the leading theological institutions in the country representing nine denominations as follows: Baptist, Congregational, Episcopal, Lutheran, Methodist Episcopal, Moravian, Presbyterian, Reformed and United Brethren.

SOUTHERN SCHOOLS

Of the Advanced Grades Have Formed an Association.

ATLANTA, Nov. 8.—An association of colleges, academies and high schools in the southern states has been formed here. The following institutions were represented: Vanderbilt university, University of North Carolina, Washington and Lee university of Virginia, University of Tennessee, Georgia School of Technology, University of the South, Wofford college, Trinity college, Tulane university, Mercer university and the Universities of Mississippi, Alabama and Tennessee. A constitution was adopted similar to that of the Middle States Educational association. President George T. Winston of the University of North Carolina was elected president and Chancellor James H. Kirkland of Vanderbilt university secretary and treasurer for the ensuing year.

Colleges with preparatory departments were excluded from the association.

The next meeting will be held in Nashville in November, 1896.

FIRST DEGREE.

The Verdict Against Murderer Cross at Ellenboro, W. Va.

ELLENBORO, Nov. 8.—After 20 hours' deliberation the jury in the Cross murder case found a verdict of first degree and recommended a life sentence. Cross procured a revolver on Sept. 5, went to the home of his sister and while there flourished it. When his sister reproved him for his conduct he deliberately shot her.

Must Starve if Not Aided.

ST. JOHNS, N. F., Nov. 8.—The Herald prints a series of letters from correspondents along the south and west coast to the effect that dire distress prevails among the poorest class of people residing there, especially receiving pauper relief. The retrenchment policy of the government necessitated the cutting off of half the pauper grant and, the fisheries being poor, many find themselves in wretched circumstances. The correspondents predict starvation in numerous instances, unless prompt help is supplied by the authorities.

Prize Fight Arranged.

KANSAS CITY, Nov. 8.—Dick Moore of St. Paul and Paddy Purtell, the "Saginaw Kid," were matched here yesterday to fight Nov. 25, within 25 miles of Kansas City, for \$500 a side.

CARELESS ENGINEER

Said To Be Responsible for the Detroit Horror.

AN APPALLING DEATH ROLL.

Over Thirty Mangled and Charred Bodies Already Recovered and the Gruesome Search Continues Negligent Care of the Boilers Caused the Catastrophe. Thompson's Statement.

DETROIT, Nov. 8.—The work of rescuing bodies of the victims of Wednesday's explosion in The Journal building went steadily on all day and night. The list of missing decreases about correspondingly with the number of dead bodies taken out. Over 30 dead bodies have now been recovered and identified, but the number changes frequently on account of new and ghastly discoveries brought to light in the ruins. The number killed will approximate 40. Thursday's developments demonstrate conclusively that negligent care of the boilers was the cause of the catastrophe.

Official inspectors and competent engineers examined portions of the boilers yesterday and pronounced the cause as low water, causing a superheated condition of the fires which was followed by the dangerous injection of cold water. Engineer Thompson's carelessness is strongly condemned. The engineer of The Free Press building states that he had previously warned Thompson against leaving his boilers without having any assistant to watch them. Some occupants of the building give similar testimony. Thompson insists that he saw both boilers 10 minutes before the explosion and that they contained plenty of water and 65 pounds pressure of steam.

The portion of the building still standing was officially examined and found to be out of plumb, wrenched by the shock and otherwise defective. It will doubtless be condemned.

In addition to the list sent in these dispatches last night, the following have been added:

Adolph Schrieber, Jr., bookbinder in Hiller's bindery.

John Gordon, electrotypist, Evening Journal.

Kittie Leonard, M. Rosa Morgan.

John Breitenbecher.

Unknown man.

Jennie Niebauer, 16 years old, employed in Hiller's bindery.

Bertha Weidbusch, 19 years old.

Ernest Parkins, assistant mailing clerk, Journal. Body recovered at 10:30.

Emma Lichtenberg, employe, Hiller's bindery.

Rosa Bretz, remains frightfully burned and mutilated.

Catherine Hiller, seamstress, Hiller's bindery.

Lue Fretz, employe, Dunlap & Company.

Anna Wiedbusch, employe, Hiller's bindery.

John F. Derby, carpenter.

Joseph Bradley, carpenter.

George J. Hiller, proprietor, Hiller's bindery.

There are yet 20 missing, swelling the probable list of dead to 40 or 45. Besides these 19 persons persons were more or less seriously injured, two of them fatally.

No bodies have been taken out since 6 o'clock p. m., but work is unabated. Mayor Pingree scolds the fire department for being slow in extinguishing the fire and for primitive methods in cleaning out the ruins. He says the entire Journal building must come down and criticises the owners regarding the construction of the wrecked portion.

There is much talk of arresting Engineer Thompson, but no one has yet made complaint. Suits against the owners of the building may follow, as the tenants can not collect insurance according to their policies.

KILLED THEM BOTH.

In a Dispute About Rent Brother Tenants Are Slain by Their Landlord.

BIRMINGHAM, Ala., Nov. 8.—Near Roxana, Lee county, yesterday, J. H. Hayes, one of the most prominent farmers in the state, shot and killed Michael and Henry Harper, brothers, and tenants on his plantation. Hayes and the Harpers had quarreled about the payment of the rent, which fell due a month ago, and had not been paid. Twice before, when Hayes attempted to collect the rent, he was driven from his field by the Harpers with shotguns, they claiming he had not lived up to his contract. Yesterday he visited them a third time, and demanded the overdue rent, and when they attempted to again drive him off, he pulled his pistol and shot Henry through the head and Michael in the breast. Hayes has not yet been arrested. He claims self-defense.

Hotel Thief Caught.

CHICAGO, Nov. 8.—Hawley, the alleged hotel thief, who was arrested yesterday, and is said to be wanted in New York, Cleveland, Omaha and other places, was held in \$1,000 bonds for a 10-days' continuance. The police here say that he has stolen several thousand dollars' worth of jewelry and other valuables from guests of the various hotels in which he has been employed. The New York authorities telegraphed that they have sent a man to take Hawley back to that city.

INDIANAPOLIS, Nov. 8.—The attorney general has prepared an opinion sustaining the state auditor in holding that a legislative appropriation made for the year can not be used in paying the bills incurred during a previous year.

ABOUT 50,000 stay-at-home Democrats in Kentucky! No wonder the Republicans won.

HERE'S A VAIN OF COMFORT. The Democrats gained nine members of the Legislature in Massachusetts at the election this week.

IF the Democrats of Kentucky ever take a notion to do any more voting, they may secure control of the State government again.

BOTH Democrats and Republicans are claiming a majority in the Legislature on joint ballot, and the official figures only will settle the matter.

THE stay-at-homes are largely responsible for the poor showing the Democrats of Maryland made this week. In Baltimore alone, fully 15,000 didn't go to the polls, while the full Republican vote was polled.

TO THE rural press, greeting: All is forgiven and forgotten. Let us get together on the June platform.—Louisville Post.

GET together? We doubt whether the editor of the Post will live to see the time when the Democrats of Kentucky will "get together" on the June platform or any other platform. Kentucky Democrats have long memories, and we are sorry to say, are not given to forgiving and forgetting.

IN 1894, under the McKinley law, American farmers sold to Europe 803,111 bushels of potatoes at a value of \$651,877. In 1895, under the Democratic free trade tariff, American farmers sold to Europe only 572,857 bushels at a value of \$418,221. This shows how we are "capturing the markets of the world."—Public Ledger.

IN 1894, if we are not greatly mistaken, the American farmers didn't raise enough potatoes to supply the home market, and the same is probably true this year. Why should they want to export any? Isn't the "home market" good enough?

A Child Enjoys

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative, and if the father or mother be costive or bilious, the most gratifying results follow its use; so that it is the best family remedy known, and every family should have a bottle on hand.

FOR SENATOR.

Lots of Republicans Who Want to Succeed Blackburn—A Lively Scramble.

AS soon as the returns indicated that the Republicans had secured control of the Kentucky Legislature, the scramble for Senator Blackburn's shoes was commenced, and a lively fight is of course in prospect.

AS yet there are only two candidates who have been mentioned generally for the office, Hon. John W. Yerkes, of Danville, Chairman of the Republican State Central Committee, and Mr. Augustus E. Wilson, of Louisville.

Mr. Wilson announced himself as a candidate for United States Senator more than two months ago. The announcement caused little comment even among the members of his own party then, but he has never withdrawn, and it is understood that he will now proceed to push his fight.

Knowing ones in this city intimate that ex-Congressman Thomas, of Vanceburg, will enter the race, and if he does he will go in to win, as he always does.

Next to Colonel Bradley, Judge Thomas is probably the shrewdest and ablest Republican politician in the State.

State Senator John Bennett and Dr. W. Godfrey Hunter are the latest candidates spoken of for Senator to succeed Mr. Blackburn. Dr. Hunter is Chairman of the Republican State Campaign Committee.

If the Legislature really has gone Republican, the man who secures Boss Bradley's influence will succeed Senator Blackburn.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

SCHOOL TRUSTEES VS. KING.

Opinion of the Appellate Court Affirming the Judgment of the Mason Circuit Court.

In affirming the case of King against the Trustees of one of the school districts of this county, the Appellate Court says, in an opinion by Judge Paynter:

First—Where in an action against one of several school trustees as an individual, and not in his capacity as trustee, judgment was rendered against him for the price of lumber bought by him and used in building a school house for the district, and an order was entered taking for confessed a cross-petition filed by him against his co-trustees, in which he asked that the school house be sold to pay the claim of plaintiffs and for all "proper relief," this order was unauthorized, for the reason that the defendant had asked no specific relief for himself against his co-trustees, and as there was no defense to the cross-petition he was not entitled to any relief under the prayer for "proper relief." Therefore that order can not be treated as a judgment in favor of the defendant, thus leaving as the only basis of this action an unascertained debt, the existence of which is denied, and to collect such a debt mandamus is not the proper remedy.

Second—Even if the prayer of the cross-petition can be regarded as sufficient to have entitled the defendant to relief against his co-trustees and to have required them to answer the order, taking the pleading for confessed was merely interlocutory, and would not have prevented the filing of a meritorious and sufficient defense thereafter.

Third—The court in originally entering judgment, having adjudged that defendant was entitled to be reimbursed out of the property of the school district and then adjudged a lien thereon in his favor, a subsequent order setting aside so much of the judgment as adjudged a lien had the effect also to set aside so much of the judgment as declared his right to be reimbursed out of the property of the district.

Fourth—As the cross-petition failed to allege that a majority of white voters of the district had consented to the building of the school house, or to the levying of a tax for that purpose, it did not show that the trustee had any power to levy and collect a tax to build a school house and therefore did not show that defendant was entitled to any relief against the district.

Fifth—If under the law a lien can be had on a school house for materials furnished in building it, still the plaintiffs in the original action had lost their lien at the time of the institution of their action, as more than one year had elapsed since the filing of the claim in the County Clerk's office.

Sixth—As this was an ordinary action the depositions copied in the record can not be considered, there being no bill of exceptions showing that they were read on the trial of the case and on the motion for a mandamus. And the absence of the "proof," which the judgment recites was heard, would be a sufficient reason for affirming the judgment denying the writ of mandamus even if there were no other reason for an affirmance.

E. L. Worthington and L. W. Galbraith for appellant; W. H. Wadsworth and Cochran & Son for appellee.

MORE SHIPS

To Be Placed in the C. and O. Service From Newport News.

The Chesapeake and Ohio is promoting its steamship business in a manner calculated to make Newport News one of the biggest and most important ports in the country, says an exchange.

The freight business to foreign ports has increased so largely that two new steamships will be put on to Rotterdam and Amsterdam—the Lambert's Point and Durham City. The first trip will be made December 10th.

A line to Leith, Scotland, will be established November 7th, the new ships being the Rosemorrison and Roxby.

On November 15th there will be a new line to Glasgow, Scotland, two new steamers, the Sarnia and Oregon, having been secured.

W. P. Walker, Jr., of the C. and O. Steamship Line, and F. M. Whittaker, Manager of the Kanawha Dispatch, left for New York Wednesday to meet a number of capitalists who are interested in the new lines.

BY A PLURALITY OF ONE.

Mr. Schwartz is the New Member of the School Board From Third Ward—Error in Fifth Ward Returns.

Mr. George Schwartz is the new member of the Board of Education from the Third ward. The statement that Mr. Geo. L. Cox was the successful candidate was based upon an error in the returns from the Fifth ward.

Mr. Cox polled seven votes in the Fifth ward, but in certifying the result, the figure 7 was written twice by the election clerk making it appear that Mr. Cox polled 77 votes. The officers of election and the inspectors, however, all say his vote was 7 instead of 77. This makes Mr. Cox's total vote 71. Mr. Schwartz polled 106 and Mr. Cole 105, Mr. Schwartz's plurality being 1 on the face of the returns.

PROFESSOR HICKS' IDEA.

The Scientist Explains the Recent Earthquake—It Was Caused by the Stars and Planets.

Rev. Irl R. Hicks, the distinguished planetarian and student of the stars, was awake when the recent earthquake shock came, and in five seconds had his watch in his hand observing the time and duration. "I live at Wells Station," said Mr. Hicks, "and at the first tremor I was out of bed in a second, and saw by my watch that it was exactly 5:09. I think the tremors lasted from three-fourths to a whole minute. The vibrations were very marked and distinctive. I have in my hall a huge base burner, almost as tall as myself. I could see that stove vibrate back and forth as gently as the pendulum of a clock. To that ease and regularity of motion I attribute our immunity from damage. The shocks were certainly severe enough, had they not taken on a vibratory motion, to have twisted buildings from their foundations."

"To what do you attribute this vibration?" the reporter asked.

"Oh, the causes are several. This is the season when we are to look for mighty disturbances, both in the heavens and on the earth. We are passing through what may be called the Jupiter period. Jupiter has been perturbed for more than a year. During his period of disturbance we may look for all kinds of extremes of conditions. I believe that the abnormal electrical conditions of the atmosphere during the Jupiter period precipitates the rain into enormous cloudbursts and destructive downpours in some regions, and thus depriving the atmosphere of its aqueous evaporations which should have normally been distributed over the land generally, floods result in some sections, while consuming drouth prevails in others. Abnormal local rains, with great and general lack of moisture, seems to us a certain characteristic of the Jupiter disturbance. We have had both these conditions this year. The earlier months were characterized by enormous downpours in many sections. You remember those great and unaccustomed rains of last summer in Kansas, Missouri and other States. The later months, as you know, have been characterized by extreme drouth. We all know how parched the earth is; we have had no rain in this region for months. This is part of the effect of Jupiter's disturbance, as is also great solar perturbations and seismic shocks, like that of this morning. Watch the sun now through a telescope and you will see how disfigured his face. According to our theory such a vast world as Jupiter moving forward with its great satellite host, and rotating its ponderous bulk at such amazing speed, must in the nature of things produce great and prolonged agitations in the sun and upon all other bodies that fall within the reach of his equinoctial wrath.

"As for the earthquake of to-day, I predicted such phenomena as early as last August. Let me read from that prediction. I will say that was about the beginning of the present drouth. I said: 'If no electric storms arise to check the heat and readjust the magnetic and electrical inequalities between the earth and air, seismic tremors and heavier shocks will be felt in many places.' Then we have it. There have been no electrical storms to readjust the inequalities between the earth and atmosphere, and now come the seismic shocks. It is the culmination. We shall have storms

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

Carlyle on Religion.

Joaquin Miller related an anecdote in Oakland, Cal., the other day of Carlyle, whom he visited with Lord Houghton in Chelsea. The sage, in dressing gown and slippers, sat at his fireplace and poked the fire while he discoursed on the immortality of the soul. "I know of but one thing on this earth more monstrous than a man without religion," said he. "And what is that thing?" asked one of the visitors. "It is a woman without religion," said Carlyle.

City Treasurer Fitzgerald reported \$32,882.13 as the amount of taxes collected up to November 1st. He had paid to school fund \$3,311.53 up to said date, and reported that there were outstanding \$10,000 emergency bonds and \$500 bills payable.

The Bank of Maysville was refunded \$856.25 and Mitchell, Finch & Co.'s Bank \$506.94 taxes paid August 30, 1893, with interest from said date. The taxes were paid, under protest, under the law that was lately decided unconstitutional by the Appellate Court.

The Maysville Brick Company was allowed \$112.33 for brick and sand, and the Maysville Cemetery \$8 for lots and graves for two children.

The Committee on Propositions and Grievances reported that G. W. Alton's fence at southeast corner of Second and Wood streets extends out six feet onto Second street and that his dwelling extends over the ten feet reserved for a pavement. The committee asked that the matter be referred to the City Attorney with instructions to take legal steps to have the trouble righted. Mr. Crowell thought there were other cases of a similar character that ought to be attended to.

The Committee on Fire Department reported in favor of providing better fire protection for the city, and recommended that the hose company on Sixth street be disbanded, and that one or two men be employed and one horse secured for each of the three engine houses—Washington, Neptune, Amazon—same to be paid for by the city in addition to the amount now paid. The report was received, and referred to Committee on Laws and Ordinances.

The Ways and Means Committee was directed to pay bonds and notes outstanding amounting to nearly \$14,000, and the Mayor and Clerk were authorized to issue warrants for same.

The Mayor reported that Martin Wall was fined during October for selling liquor to a minor but had appealed the case.

A long ordinance fixing licenses and regulating same was presented and read. It repeals all license ordinances hitherto adopted and all ordinances mandatory thereof. The saloon license is placed at \$500 a year. Council decided that when it adjourned it would adjourn to Thursday night, November 21st, to consider this ordinance. The ordinance covers fourteen pages legal cap, type written.

The following permits were granted: James Yazell; to erect a frame stable.

W. Davis; to erect a small one-story frame building in rear of his residence in First ward.

W. F. Chappell; to erect a one-story frame shingle-roof carpenter shop in rear of his residence.

James Trisler; to erect a small one-story frame building on Wood street, Sixth ward.

R. V. Dryden; to erect an office at his coal yard in Sixth ward.

Mrs. Franklin was donated \$50 liquor license for two months, she having quit the business.

Other matters were disposed of, and Council then adjourned to meet Thursday night, November 21st.

HIS ANSWER.

J. Hull Davidson, of Lexington, Makes Counter Charges in the Suit Against Him.

Hon. J. Hull Davidson, ex-Mayor and ex-City Collector of Lexington, against whom a suit for the alleged embezzlement of \$100,000 while Collector was filed recently, has made a decidedly sensational answer to the city's petition.

He charges that the city of Lexington, by the figures of the bookkeepers who prepared the statement of the alleged deficit, is indebted to him in the sum of \$10,000. He also says the experts made errors, in charging him twice with the sum of \$42,000.

Mr. Davidson further says he can show up some things which persons who are back of the investigating scheme would not like to have the public know.

JUDGE T. M. RICE

Passes Away at Booneville, Mo. Prominent in Political Circles and Benevolent Orders.

Died, at his suburban home near Booneville, Mo., on the evening of November 6, 1895, Judge T. M. Rice, aged about seventy years. His wife is a sister of Mr. William Wormald, of this city, and visited here recently, being called home by the illness of her husband.

Judge Rice was Circuit Judge at his home early in the seventies, following which he served three terms in the Federal Congress, being defeated for a fourth term by only twenty votes. He was always a staunch Republican until recently, when he became a Populist.

Judge Rice attained the rank of Colonel during the war, serving under General Sherman.

Deceased was prominent in G. A. R., I. O. O. F., Masonic, K. of P. and other secret society circles.

He leaves six children by a former marriage.

The burial will occur on Saturday, at Tipton, Mo.

AN OLD DEED.

Mr J. W. Foxworthy Has One That Was Executed Nearly 100 Years Ago.

Mr. J. W. Foxworthy, of East Third street, in looking over some old papers belonging to his father, the late William Foxworthy, found a deed made on May 24th, 1796, nearly one hundred years ago. It was from Bertrand Ewell to William Foxworthy, conveying to the latter a tract of land on Quick's Run, the consideration being "sixty pounds of current money of Kentucky."

Mason County at that time extended up the river to the Big Sandy.

The land was part of a tract granted to Ewell by the Commonwealth of Kentucky by patent dated January 14th, 1796.

The deed was acknowledged before T. Marshall, Jr., Clerk Mason County.

Concert To-night.

The benefit concert to be tendered Mr. Lewis at Y. M. C. A. hall at eight o'clock to-night will take the form of an ovation. The gentleman is from the Blind Institution at Louisville, and is a nephew of Mr. H. P. Lewis, the popular engineer of the L. and N. Railroad. He is a violinist of marked ability and rare technique, a pianist of brilliance. He will regale the audience with several beautiful selections on both instruments. Miss Nannie Burrows, of Forest avenue, will be solo pianist, rendering the difficult Opus 10, by Haydn. Besides displaying rare technique, the piece abounds with sweet melody and exquisite harmony. She will also be accompanist to Mr. P. G. Smoot and Mrs. Julia Pearce Cummings, who will sing the newest and brightest songs to be heard. The Maysville orchestra of seven pieces have kindly offered their assistance and will be a great feature in this concert.

Costly Fun.

Robert Skinner, Walter Bly and William Jackson were in 'Squire Bramel's court Thursday, charged with boarding C. and O. freight trains while in motion. They were fined \$5 and costs each, amounting to \$9.50, and failing to hand over the cash were sent to jail, where they will have to work out their fine on the rock pile. Constable Dawson made the arrests.

In every county where the question was voted on this week, free pikes won by a decisive majority.

The total number of building associations in Ohio, according to the State Inspector, is 747. Their authorized capital stock is \$757,751,500. The total amount paid in the past year was \$71,212,587 and the losses for the same period were but \$105,147. Compare these figures with those of the banking business of the State and building associations in no way suffer.

FORGED BILL OF RIGHTS. Manitoba Protestants' Charge Against Catholics.

WINNIPEG, Nov. 8.—Of scores of documents that have been issued since the parochial school agitation began, by far the most sensational has just been published by the Manitoba government. It has been kept by the government to be sprung on the eve of the general elections, and the effect of the startling document is all that has been expected. It arraigns the Roman hierarchy for falsifying. The Roman Catholics have all along contended that their schools were preserved to them under the bill of rights adopted when Manitoba entered the confederation of Canadian provinces in 1870.

The Protestant contention has been that while reference was made to parochial schools in a rejected bill of rights submitted in 1873 there was no such reference in the bill ratified and adopted in 1870 by both provisional and dominion governments. In answer to this Protestant contention the Roman Catholics produced a manuscript bearing the date of 1870, which read that the rights of Roman Catholics to their schools should never be interfered with.

This manuscript bore evidence of being reliable and authentic and seemed conclusive. Now, however, the government shows that the date of the document was really 1873 and a scientific photographic process reveals that the figure 3 was changed into the cipher. The original figure 3 is by a photograph revealed in faded ink like the rest of the document, while the cipher is in fresher and blacker ink.

To Advance the Stanford Case.

WASHINGTON, Nov. 8.—Solicitor General Conrad will on Monday next move to advance the case of the United States vs. the Stanford estate, on the United States supreme court docket. The motion will be based on the general importance of the case to the government and to the Stanford university. It is understood that the motion will be granted and that the argument will be set for some day in January next.

Bears on a Rampage.

SANDSTONE, Minn., Nov. 8.—Word has reached here from Foxboro, Wis., of a terrible tragedy enacted at that place Tuesday night. Three bears broke into a shed at Marrens Place, near Foxboro, and after feasting on some deer hanging there, killed David Falsten and Michael McGuire, woodsmen, and badly injured Frank Burnett and Thomas Grady who heard the noise and went out to see what it was.

Death of a Multimillionaire.

SARATOGA, Nov. 8.—George R. Sherman of Port Henry expired there suddenly with heart disease last night. He was a member of the iron firm of Sherman, Witherbee & Company of that place and was the richest iron man in northern New York, being worth \$10,000,000. He was president of the Port Henry National bank and a director in the Citizens' National bank of Saratoga Springs.

WALLA WALLA, Wash., Nov. 8.—United States District Judge Hanford has issued an order restraining strikers on the Great Northern railroad from interfering with the operation of the road. The injunction was telegraphed to Spokane and given to a deputy United States marshal for service.

Cowardly Killing.

NEW YORK, Nov. 8.—Last evening Salvator Morello and Frank Forretta, both barbers, went to Jersey City to fight a duel. The two men were in love with the same woman and intended to fight it out. When they left this city it was their intention to fight with bare fists. But when the place of meeting was reached, Forretta drew a revolver and fired three shots at Morello. Two of the bullets took effect in Morello's abdomen and the third in the groin. The wounded man was taken to the city hospital in a dying condition, while Forretta fled to this city, where he was arrested by detectives.

Both Claim the Store.

ZANESVILLE, O., Nov. 8.—T. Cardillo has assigned to Fred S. Gates. The assets consist of a fruit store valued at \$1,500, and there are \$2,000 to preferred creditors. General creditors secured attachments before the deed of assignment was filed, and when the assignee came to take possession of the stock he found Constable Moore seated in the room. Both parties are claiming possession, and a comparison of times shows that Constable Moore's emerging from the cellar and the filing of the deed of assignment were at the same minute.

CHOKED BY SEA WEED.

Why the Battleship Texas Failed to Attain Her Estimated Horse Power.

WASHINGTON, Nov. 8.—The examination of the battleship Texas in dry dock at New York has exactly verified the theory of Engineer-in-chief Melville as to the cause of her failure to attain her estimated horse power owing to the condensers. The mouth of the bilge grating through which sea water in pumped to cool the condensers was found to be choked with an impenetrable mat of sea weed with a gummy residuum. The grating is 15 by 31 inches and it was stopped save a hole about eight inches square in the center, thus diminishing the water supply to one-sixth of the normal. It is believed now that the obstruction has been removed, that the engines will easily make their horse power.

"GRASSLAND" FARM Near Lexington, Ky., to Be Sold.

I offer at private sale for a short time this magnificent farm, the homestead of the late Maj. Thos. H. Shelby, father of the undersigned, located nine miles from Lexington, near the Richmond turnpike and bordered by the Walnut Hill pike and the Jack's Creek pike, and containing about

723 ACRES
of unsurpassed Land, of which about 460 acres in virgin Blue Grass, mainly covered with fine and valuable timber.

Abundant and never failing supply of water from natural sources, well distributed, and rendering this the best watered farm in Kentucky. Excellently fenced and subdivided. Handsomely and substantially improved with

A Commodious Two and a Half Story Brick Metal Roof Mansion,

and suitable barns, outbuildings, cistern, etc. Fine orchards and gardens. Soil strong, rich, well cared for, produces 1,500 to 2,000 pounds of tobacco per acre and other crops in proportion. Will sell as a whole or divided.

373 Acres with the improvements, remainder in one or two tracts.

No such farm in extent and superior quality for sale. It is a portion of the noted 4,000-acre purchase made by Gov. Shelby in the early history of the State; has been in the Shelby family ever since. It is in the very center of the famed Bluegrass section of the State.

Send to the undersigned, or Col. J. E. Delph & Son, Lexington, Ky., Managers of The Kentucky Blue Grass Land agency, for circular giving price, terms and all necessary particulars.

ISAAC P. SHELBY,

Administrator's Notice!

Parties holding claims against the estate of the late John Gleason are notified to present them to the undersigned, properly verified, for payment. Parties indebted to said estate are notified to call and settle.
